

## FOLD Wall and Ceiling

Design R.Toso -N.Massari & Associates

Polished Chrome metal front screen

Satin White glass

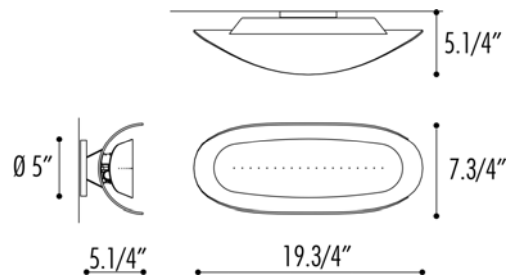

Satin Red glass

Satin Blue glass

Satin Yellow glass

### DESCRIPTION:

A wall or ceiling design featuring a 'fold' of white glass that encloses either an inset curved glass or perforated metal screen. Halogen or fluorescent light sources provide diffused illumination. Companion suspension lamp also available.

### CONSTRUCTION:

A painted titanium structure attaches to a 4" octagonal junction box. The white fold of glass encloses the light source and it is further shielded by a curved glass or metal screen.

### LIGHT SOURCE:

Wall: 1 x 200 watt, T3 / RSC, Halogen (Provided)  
Wall / Ceiling: 2 x 18 watt, 2G11, Fluorescent (Not Provided)

### FINISHES:

Painted titanium backing with polished chrome details on glass front

### GLASS COLOR:

Outer Glass in Satin White with Inner curved detail in:  
Satin White  
Satin Blue  
Satin Red  
Satin Yellow  
Perforated Polished Chrome

### NET WEIGHT:

8 lbs.
